

Exhibit 113

Redacted Public Version

I would really love an explanation as to HOW your Senior AUTHENTICATORS classified this shoe as authentic, despite all of these pictures I've sent clearly showing they are Fakes!

Look at the sole, different colors one faded one is darker, different material, look at the stitching!!

These are absolutely NOT AUTHENTIC!

and frankly I think its despicable you are allowed to operate this way, selling fake shoes at authentic prices!!! Its basically stealing!

I would have ABSOLUTELY no problem keeping these if they were AUTHENTIC bc I bought them for a reason, but this is here is just unacceptable!

Please advise.
